about us

Quadrifoglio Sistemi d'Arredo S.p.a. was established in 1991 in the office furniture business. Over the years the production of office furniture and work stations was sided by chair manufacturing, following the establishment of the Offsit company. The purchase of the Karboxx company added decorative lighting fixtures and office lighting to our offer. As time went by, market demands and the changes in office and contract settings prompted us to develop a new partition-wall collection, fully developed by our in-house R&D department, and the LightSound collection that matches acoustic comfort with eye comfort. These evolutions have enabled us to provide our customers with a complete package characterized by consistent professional advice, and full design and manufacturing autonomy.

Quadrifoglio Sistemi d'Arredo S.p.a. nasce nel 1991 collocandosi nel settore dell'arredo ufficio. Alle soluzioni direzionali e operative, negli anni si aggiungono sedute grazie alla fondazione dell'azienda Offsit. In seguito viene inserita anche l'illuminazione decorativa e per ufficio grazie all'acquisizione di Karboxx. Infine, studiate le richieste di mercato e la trasformazione degli ambienti ufficio e contract, viene sviluppata sia una collezione di pareti divisorie, interamente progettata dall'ufficio Ricerca & Sviluppo interno, sia la collezione LightSound che integra comfort acustico e visivo. Siamo così in grado di fornire ai nostri clienti un pacchetto completo, una consulenza professionale e costante, in totale autonomia progettuale ed esecutiva.
